Since 1974 

# 2024

# PRODUCTION

*FA-BA è un'azienda leader nella progettazione e produzione di ruote moto ciclo e trasporto per il primo equipaggiamento da ormai 50 anni, tramandata dal suo fondatore Vittorio Barioni, classe 1936, alla sua terza generazione.*

*Ktm, Beta, TM, Fantic Motor sono alcuni dei nostri clienti storici che ci hanno consentito di evolverci e di strutturarci con macchinari e attrezzature sempre più all'avanguardia, in grado di ottenere un processo industriale flessibile, standard qualitativi sempre migliori ed un'elevata capacità produttiva.*

*FA-BA has been a leading company in the design and production of motorbike cycle and transport wheels for original equipment for 50 years now, handed down from its founder Vittorio Barioni, born in 1936, to his third generation.*

*Ktm, Beta, TM, Fantic Motor are some of our historical customers that have allowed us to evolve and to structure ourselves with more and more advanced machinery and equipment, capable of achieving a flexible industrial process, increasingly better quality standards and a high production capacity.*

# PRODUCTION

*Dal 1996, su richiesta dei clienti, FA-BA progetta e produce ruote complete con mozzi CNC e cerchi ad alta resistenza per le seguenti discipline off road, street e adventure: cross, enduro, mini cross, motard, adventure, mini motard, flat track e motorally.*

*Da 25 anni offriamo inoltre assistenza a piloti e utilizzatori delle ruote a marchio FA-BA nei principali campionati europei.*

*La nostra presenza in questi ambiti è sempre risultata strategica, al fine di studiare e valutare soluzioni tecniche al passo con le innovazioni del mercato in continua evoluzione. FA-BA ha sempre fatto della qualità dei prodotti e del servizio il suo punto di forza, garantendo un elevato standard di sicurezza a tutti i suoi clienti con prodotti "Made in Italy" costruiti su misura per durare nel tempo.*

*Since 1996, at customers' request, FA-BA has been designing and manufacturing complete wheels with CNC hubs and high-strength rims for the following off-road, street and adventure disciplines: cross, enduro, mini cross, motard, adventure, mini motard flat track, and motorally. For 25 years, we have also been supporting riders and users of FA-BA branded wheels in major European championships.*

*Our presence in these areas has always been strategic, in order to study and evaluate technical solutions in step with the innovations of the constantly evolving market. FA-BA has always made the quality of its products and service its strong point, guaranteeing a high standard of safety to all its customers with "Made in Italy" products built to last.*

# TUBELESS

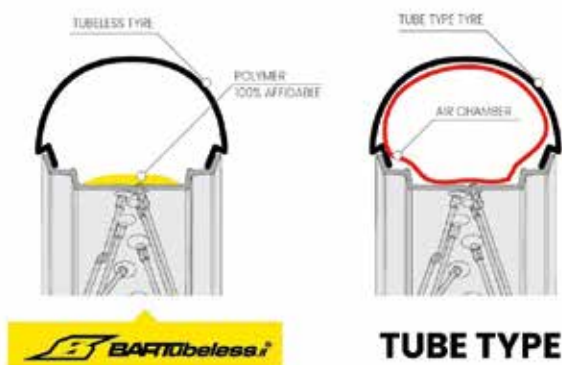

*Il sistema Bartubeless è basato sull'applicazione di un polimero che viene posto all'interno del canale per sigillare i nipples della ruota ed evitare così la fuoriuscita dell'aria. È applicabile a tutte le tipologie di ruote a raggi che montino cerchi con bordo antistallonamento e permette di montare uno pneumatico tubeless senza l'utilizzo della camera d'aria. E' reversibile, è l'unico in grado di rendere tubeless una ruota d'acciaio ed è garantito 4 anni.*

*The Bartubeless system is based on the application of a polymer inside the inner channel of the rim to seal the nipples and thus to prevent the air leakage. It can be applied to all types of spoked wheels which mount rims with hump and it allows to use a tubeless tyre without the inner tube. It is reversible, it is the only one that could make tubeless a steel wheel and it is warranted 4 years from the manufacturer.*

## CUSTOM

*Benvenuti nella sezione del catalogo dedicata alle ruote FA-BA CUSTOM, un'eccellente opzione per personalizzare la vostra moto. Qui potrete scoprire la nostra vasta selezione di cerchi verniciati fluo e pastello, disponibili in tutti i codici RAL, verniciature pastello e anodizzazioni, perfettamente abbinati ai mozzi, che garantiscono durata e resistenza alla corrosione.*

*Siamo lieti di offrire un servizio di personalizzazione su misura in grado di soddisfare le vostre esigenze specifiche. Il nostro team di esperti è pronto a lavorare con voi per creare ruote che riflettano la vostra individualità, dalla scelta di colori unici a combinazioni audaci.*

*Le ruote FA-BA CUSTOM rappresentano un simbolo di stile, innovazione e attenzione al dettaglio. Ogni aspetto delle ruote, dalle tonalità fluo alle verniciature pastello e all'anodizzazione dei cerchi, è realizzato con precisione e dedizione per garantire un prodotto di alta qualità.*

# CUSTOM

*Welcome to the catalogue section dedicated to FA-BA CUSTOM wheels, an excellent option for customising your motorbike. Here you will discover our wide selection of fluorescent and pastel painted rims, available in all RAL codes, rims anodised, perfectly matched to the hubs, which guarantee durability and corrosion resistance.*

*We are happy to offer a customisation service to meet your specific needs. Our team of experts is ready to work with you to create wheels that reflect your individuality, from unique colour choices to bold combinations.*

*FA-BA CUSTOM wheels are a symbol of style, innovation and attention to detail. Every aspect of the wheels, from the fluorescent tones to the pastel paintwork and anodising of the rims, is crafted with precision and dedication to ensure a high-quality product.*

# **RESTAURO**

*Servizio di Restauro: siamo in grado di ricostruire e rinnovare le tue ruote, sostituendo i cerchi danneggiati, rotti o ossidati.*

*Nel caso delle ruote d'epoca, lavoriamo esclusivamente con i mozzi originali forniti dai nostri clienti, garantendo un risultato autentico e rispettoso.*

*Per le ruote più recenti, invece, possiamo anche valutare la possibilità di sostituire i mozzi, raggi e nipples con componenti nuovi.*

# RESTORATION

*We can rebuild and renovate your wheels, replacing damaged, broken or oxidised rims.*

*In the case of vintage wheels, we work exclusively with original hubs supplied by our customers, guaranteeing an authentic and respectful result.*

*For newer wheels, on the other hand, we can also evaluate the possibility of replacing hubs, spokes and nipples with brand new components.*
